Social Prescribing Link Workers

provide support and information on a wide range of issues that can impact health and wellbeing, including:

Support groups

Healthy lifestyle

Housing issues

Volunteering

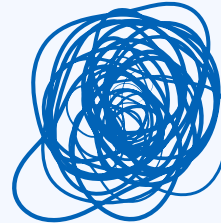

Caring for relatives

Employment

Local activities

Stress

Loneliness

Living with health conditions

Alcohol and drugs

Money worries

Your link worker is here to support you. They might suggest a local group, activity or club you could join, or help you access services like legal advice or support with money worries.

Sometimes, they're simply there to guide you to the right information. Social Prescribing is about helping you to take control of your health and wellbeing in a way that works for you.

Social Prescribing can help us with things that can't be fixed by doctors and medicine alone.

We help with a wide range of issues that may be worrying you.

We will listen to your concerns and support you to find a solution.
